Welcome to Watertown Pediatrics

Thank you for considering our office to serve as the pediatricians for your child. Watertown Pediatrics has been serving the Watertown and surrounding areas for more than 50 years, first as George and Gianfagna, then later becoming Watertown Pediatrics. Watertown Pediatrics follows a Patient Centered Medical Home (PCMH) model of care.

All of our providers are board certified Pediatricians and are dedicated to the health and wellness of your child. Our providers practice evidence based medicine for both preventive services as well as management of acute illnesses and chronic conditions. It is our goal to provide comprehensive care to all of our patients. Some of our services include routine annual exams, sports physicals, immunizations, and evaluation & management of ADHD, behavioral issues, and nutrition problems. If necessary, we coordinate consultations with specialists locally and at surrounding tertiary hospitals.

Patients are treated equally, regardless of insurance coverage. We will assist families without insurance who are interested in obtaining coverage by giving them proper guidance and referral. We also provide a sliding fee scale for services provided for the uninsured and underinsured.

Our office hours are Monday - Friday 8am-4:30pm and Saturday 8am – 11am. In case of emergency please call 911. If you require medical assistance during business hours, please call 315-782-7330. If you require after hours assistance please call 315-782-7330 and you will be directed to call our Triage nurse at 315-786-6734. The triage nurse will be able to answer medical questions and will provide advice as necessary. Any non-emergent or billing questions should be made during regular business hours.

We look forward to meeting you and providing the quality care to your child. Please feel free to explore our website at <https://watertownpediatrics.org>, where you will find current updates about our office, helpful links, or to access the patient portal.

We appreciate you choosing Watertown Pediatrics for your child's medical needs.

Sincerely,
